Dear Hiring Team,

I am thrilled to apply for the Software Engineer position at Erste Digital, as detailed in your job posting. My extensive experience and passion for crafting exceptional software, combined with my commitment to pushing the boundaries of web development, make me an ideal candidate to contribute to the innovative and dynamic environment at George Labs.

With nearly 6 years of experience as a Software Engineer, I have gained proficiency in the full Software Development Lifecycle, from requirements analysis to deployment and testing. I specialize in designing and implementing performant, scalable, and maintainable cloud-based web applications, with a focus on Event Driven Architecture, Full Text Search Engines, and the utilization of combined data sources and data transformation. I adhere to the principles of writing clean, maintainable, and high-performing code, always emphasizing robustness and thorough testing.

My technical skills encompass a range of languages, frameworks, and tools, including Java, SQL, GraphQL, Spring, Hibernate, MySQL, Postgres, DynamoDB, Solr, Elastic Search, JUnit, RestAssured, and more. I have experience with microservices, Event Driven Architecture, and cloud-based applications on platforms such as AWS and Azure.

One of my key strengths is my commitment to continuous learning and collaboration. I am an avid learner and a committed team player who is always open to new challenges, knowledge, and people. I have also served as a mentor, technical interviewer, and trainer in the Java Resource Development Lab, where I foster knowledge sharing and facilitate continuous learning among students..

Erste Digital's values and culture resonate with my own. I am excited about the opportunity to work with experienced developers who share ideas and continuously push boundaries. The company's commitment to a diverse and inclusive workforce is something I wholeheartedly support and align with.

I am enthusiastic about the prospect of contributing to George Labs, making banking simple, intelligent, and personal. Your flexible work environment, caring about personal well-being, aligns perfectly with my work philosophy.

Thank you for considering my application. I am eager to discuss how my skills and experiences align with the needs of Erste Digital in more detail. Please find my attached resume for your reference. I can be reached by email or LinkedIn to schedule a conversation at your convenience.

Sincerely,

Fedor Petrov
